Mrs. Hamsakumari

5 Day Naples Tour

"The STM team is excellent. They are flexible, very organized, constantly in contact with you via WhatsApp and best, they promptly respond. Impressed with their service. Once I booked, they promptly sent itinerary, hotel details, transfer info and daily tour details. Received details about driver pick up and then day before, each day, they AGAIN sent next day's tour info including where to meet, tour company name so I did not have to look for details on my own. STM kept me organized and focused on enjoying my experience! I needed to cut my travel by one day. ore on own. Lot of usual traffic but seems compared to summer this was 'light'. All 3 days were well organized and really worthwhile. Got a wonderful taste of area around Naples - fell in love with Capri, Positano etc and would love to come back. Thank you STM!"
